

# Help Us Find Human Books!

The library is planning a Human Library event. We are looking for your ideas and recommendations for Human Books.

A Human Library lends Human Books to borrowers (known as Readers) so that conversations about the Book's experiences with prejudices and stereotypes can be discussed. This kind of event provides a safe environment for the sharing of diverse life experiences, stories and perspectives in an effort to create understanding, awareness of others and also to create a sense of community.

Human Book "titles" that have been checked out at other Human Library events include: Police Officer, Muslim Woman, Lesbian Mother, Vegan, Canadian Soldier, Tattoo artist, and Homeless Person.

What Human Book "titles" would you be interested in borrowing?

---

Who do you know with an interesting experience or perspective on life that would make a good Human Book?

---

Alternatively, please provide the name of an organization that you think could recommend someone to be a Human Book?

---

How can we reach the people you have suggested?

---

Please drop this completed form off at the front desk at the library.

If you would like to learn more about the history of the Human Library around the World, go to: [www.humanlibrary.org](http://www.humanlibrary.org) or <http://www.humanlibraries.org.au/>
