Digital Storytelling

& App Smashing with the iPad

Presenters: Elisabeth Lion,
Luana Marinelli, Antonella Pelligrino
York Catholic District School Board

January 27, 2016
4:00pm - 5:15pm

What Is Digital Storytelling?

- modern day version of storytelling
- use digital tools to tell a story
- incorporates the use of multimedia tools such as scanned images - drawings, old photos, google images, etc.
- narrative is added
- music is added

Our Unique 6 C's

TLLP: Digital Storytelling Website

Resources for Digital Storytelling

Possible Digital Storytelling Projects

- Fieldtrips
- Author visits
- Welcome to the library/school
- Book reviews
- Interviews
- Scientific process
- Family or historical timeline
- Retrospective of an event or of the school year
- Present student learning
- Reflection on an experience or event

3 Elements that Makes An APP Great for Learning Potential

1. Engagement
 - a. engrossing
 - b. has style

- Does it attract the kids?
- Will it make them want to come back again?
- Does it grab their attention?

2. Pedagogy

- a. content depth,
- b. learning is key
- c. skills transfer
- d. build concepts

- Does it build deeper concepts?
- Does it focus on learning?
- Does it develop skills that can be transferred to other settings?
- Are students learning a skill or a concept through the app?

3. Support

a. tutorials & tips

b. supports for teachers

c. caters to different learning styles

- Are there tips & tutorials?
- Is there extension for teachers?
- Does it involve text, images and audio? All these provide support for the students to achieve success.

What Can We Use to Create a Digital Story?

PC Program - Microsoft PhotoStory 3

Ipad APPS

● Shadow Puppet Edu - Free

● Tellagami Edu- Free (full \$4.99)

● Pic Collage - Free

● Book Creator - (full \$6.99)

The What & Why of App Smashing

- Create content using a variety of apps
- Camera roll is the key feature
- App smashing demands creative and critical thinking

Hands on Workshop!!

TASK - Tellagami

5 EASY Steps in Creating A Tellagami

1. Customize your character
2. Change its mood or outfit
3. Change the background and draw a doodle
4. Record your voice or add dialogue
5. Share your Gami video

Play!

WHY Shadow Puppet EDU?

- Combine photos and videos (30 second limit)
- Add narration & music
- Overlay text & draw on screen
- Search for images & maps
- Simple image citation on final slide
- Easily share

- Most features are unlocked & free!

Powerful in App Image Search

- Camera Roll
- Education image search
- Open Web image search
- Backgrounds
- ALBUMS - Tellagami, Pic Collage

Example

Examples of Student Work using Shadow Puppet EDU

TASK - Shadow Puppet EDU

5 EASY Steps in Creating Shadow Puppet

1. **Create New +**, select a Background & pick your photos from Camera Roll or Image Search
2. **Reorder** pictures - **Next** ➡
3. Select your **MUSIC**, and add **TEXT** to your Title Slide (font, colour, size) ✓
4. **START** to record, press ⏩ for next slide (option of adding emoji in record mode & zoom and pan)
5. **SAVE** ✓ **Done** (now saved in Camera Roll and can be viewed in Puppet)

Play!

App Smashing

When assigning an App Smashing activity, keep these steps in mind!

5 EASY Steps to App Smashing Activity

1. Start with end product in mind
2. List all the apps you plan to use
3. Outline the process, this is the roadmap
4. Step-by-step detailed instructions
5. Share the final product

example

YOUR TASK

Create a Christmas Digital Story

APP 1: Pic Collage

1. Select 5-6 pictures from web search about Christmas
2. Create a Pic Collage of images reflecting Christmas

APP 2: Teleprompter

1. Create a Teleprompter naming an **overview** of Christmas - this is the introductory paragraph
2. Use the Pic Collage you created as the **background** for your Teleprompter.

APP 3: Shadow Puppet

1. Create a digital story about Christmas using the Shadow Puppet app following the format:
 - a. Slide 1: Title of your story, and group members' names
 - b. Slide 2: The Teleprompter you created about Christmas
 - c. Slide 3-5: Pictures from your Camera Roll and add narrative and text to illustrate on Christmas
 - d. Slide 6: Concluding or closing slide

YOUR APP SMASHING TASK

- APP 1: Photo or Pic Collage

- APP 2: Tellagami

- APP 3: Shadow Puppet
